Meet Perry Walter

Founder of **Walter Studio Interior Design** in Atlanta, with nearly 20 years of industry experience. In his own words, Perry's style incorporates "modern, curated vintage accents to create visual interest and a playful use of color." He's inspired by the creativity he sees in the world, as well as his own experiences. "Travel, nature, fashion, art and architecture all have an influence on my style. I have found color inspiration from our travels—whether it's the breathtaking aqua-blue waters of the Amalfi coast or the natural green landscapes in Laguna Beach."
