## DESIGN FOR SMALL SPACES

SEP 22, 2022  
3:00 PM

### Keynote Presentation

*Sponsored by Atlanta Magazine's HOME, Atlanta Magazine, and Englishman's Fine Furnishings*

Small spaces can still be big on style—whether you're designing a high-rise unit, a cottage, or a townhouse. However, when you're sourcing fewer materials and arranging fewer square feet, each decision becomes ever more critical. Can you use big patterns and bright colors? What built-ins or multipurpose furnishings provide extra storage? *Atlanta Magazine's HOME* and *Atlanta Magazine* Editor-in-Chief Betsy Riley and panel of design experts, Cate Dunning of GordonDunning Interior Design, Perry Walter of Walter Studio Interior Design, and Jordache Avery of XMETRICAL, will share their favorite tricks for arranging floor plans, selecting furniture, organizing spaces, installing lighting, and, of course, decorating.

### ADAC Presentation Room | First Floor Atrium

Following the discussion, please join Betsy, Cate, Perry, and Jordache at Englishman's Fine Furnishings, one of the finest names in quality hand-crafted English and European furniture, to continue the conversation over light bites and drinks.
